- 11 paid Holidays and 1 personal day off
- Longevity incentives at 10/15/20/25/30 years of continuous employment
- Medical, Dental, Vision, LTD and Life Insurance, HRA Veba
- 16 hours Combined leave accrued per month
- DRS Retirement (PERS 2 or PERS 3)
- \$28.48 to \$ 48.78 hour / DOE/Q
- 4/10 work schedule. Monday - Thursday 6:30am - 5pm

Example of Duties:

- Repair, replace, inspect, install, and maintain water mains, service lines, meters, fire hydrants, and other distribution components
- Maintenance of water facilities including treatment systems, pumps, buildings, and reservoirs
- Handle routine customer service as dispatched by the office or supervisor
- Work weekend stand-by as scheduled
- Maintain work records, input and manage data as needed for record keeping in an asset management system
- Meter Reading
- Other duties as assigned

Necessary Skills and Abilities:

- Effective, Respectful, and Kind customer service
- Clear and effective communication (including though not limited to oral, written, and electronic)

- Ability to work with others as a team
- Ability to work individually as directed
- Ability to safely operate various power and hand tools
- Ability to safely operate a motor vehicle

Requirements:

- High school diploma or equivalent
- Possess a valid Washington State driver's license
- Be capable of being insured
- Physical ability to lift up to 100 pounds, perform semi-heavy labor possibly in adverse weather conditions, and in emergency situations be able to work any hours of the day or night
- Possess a Washington State water worker certification (can be a plus) or be capable of obtaining
- Possess a Washington State cross connection certification (can be a plus) or be capable of obtaining
- Obtain and maintain qualifications in first aid and CPR
- Obtain and maintain certifications in flagging and traffic control
- Possess a Washington State commercial driver's license, CDL A (can be a plus) or capable of obtaining

Application Process:

Applications can be found at the link below. They can be filled out and submitted from there or printed and returned to our office via mail or our drop box located at 2901 Perry Avenue Suite 15, Bremerton. Applications can also be picked up at our office. Drop box applications need to be in a sealed envelope and marked **Attn. Austin Muhleman**. A resume and cover letter are required with all applications.

Upon review of applications, selected applicants will be contacted for possible interviews or additional information. Interviewed applicants will be required to provide a driving abstract. North Perry Water is a Drug-Free Business. As such a pre-employment drug screening is required before any employment has commenced along with a background check.
